

ICT

Type of Placement: One day group placement for key stage 4/5 teachers at one of the North's leading companies.

Curriculum Link: ICT and Business Studies.

Summary of Main Benefits:

- Teachers were able to find out about the latest technology
- Teachers were able to find out more about an important local global company
- Greater knowledge of careers in ICT were gained

Description:

- Teachers were given a tour and an overview of how the global company operates and its products of services.
- There were presentations by key personnel
- A special session was incorporated looking at the Specialised Diploma

Outcomes:

- Teachers gained possible case study material for the new ICT diploma
- There was a greater understanding of the skills and aptitudes needed in this sector

Teacher Quotes:

"I gained useful links with others and business. I would like to use the information about uses of ICT in business to provide "real life" scenarios for work in school"

Details of the content of the ICT Specialised Diploma can be found on www.e-skills.com/IT-Diploma

e-skills are the lead SSC for this Diploma.
